Unlicensed Activity Report

Mr. Seli presented the monthly report regarding unlicensed activity. Upon Commission inquiry, Mr. Murphy summarized the standard procedures in filing an unlicensed activity complaint with the Department. Mr. Murphy stated that the minimum duties for the 1-800 line are to gather information. Ms. Koeberich advised that 455.225(1), Florida Statutes, states the complaints must be made in writing and signed, however, if the complaint is egregious enough and there is a great risk for public harm the Division would move on it immediately. DRE staff addressed additional questions from the Commissioners. Mr. Murphy advised the Commission that the Division will do everything...
we can to help the individual by taking the information or facilitate filing the complaint, however, the Division must comply with the requirements of Chapter 455, *Florida Statutes*.

Commissioner Hornsleth inquired about the Department's progress in encouraging the State Attorney's Office to pursue prosecuting unlicensed activity. Mr. Murphy stated Ms. Tamayo is facilitating outreach presentations directed to State Attorney's offices. The Division's investigators will continue to facilitate a partnership, with the State Attorney offices statewide, in an effort to increase State Attorney Office prosecutions.

Chairman Hogan addressed the issue of creating a list of activities an unlicensed assistant may perform. Chairman Hogan stated that it is her understanding that it is the position of the Department and FREC Counsel that the Commission does not have the authority to approve a list. Director Murphy stated an approved list would be subject to interpretation and there are many variances.

Ms. Linda Crawford, real estate educator, stated the unlicensed activity list was developed in a FREC meeting and approved by the Commission and as a result, the list has been used as a guide in real estate literature and in real estate offices. Ms. Crawford further stated it is difficult for educators to discuss what constitutes unlicensed activity and what activities are permissible.

Mr. Ray Glynn, real estate broker, asked the Commission to research as he believes the Commission has authority to create a list of activities an unlicensed assistant may perform. He further suggested the list identify what activities the assistants may not perform in lieu of what the assistant may perform. FREC Counsel Gary Asbell responded he would research this issue and report next month.

Mr. Murphy reported the deadline was February 3, 2006, for the fall semester and the provider had received 15 requests, which are being evaluated for approval.

Mr. Murphy stated that in addition to assessing the outreach program the Department is evaluating the services of CSPCI to ensure it meets the expectations and desires of the Commission. He added that the Department is looking at the evaluation form used by the vendor to determine whether or not it complies with all aspects of the contract.
