Discussion Regarding British Petroleum Oil Spill Claims

Commissioner Enzor stated that this issue was discussed at the 2010 June FREC meeting and it was the general consensus of the Commission at that time was claims being paid by British Petroleum (BP) should be made payable to the brokerage as required by Section 475.42(1)(d), Florida Statutes. Commissioner Enzor stated that presently claims related to a contract or transaction are being paid to the broker and claims for loss of income are being paid directly to the sales associate and welcomed any questions or comments. Director O’Bryant stated that it is important that the division have guidance from the Commission on how to handle complaints that may be submitted against licensees. Director O’Bryant stated that a representative from Florida Realtors was here to weigh in on this issue.

Commissioner Boring expressed his opinion relating to filing claims based on the loss of anticipated income. Ms. Rania Solomon, in-house counsel for Florida Realtors, provided a brief summary of the events leading to the Florida Realtors actions explaining that after the oil spill that occurred April 2010, Florida Realtors began receiving communications from its members that they are experiencing a loss of income due to lack of interest in the affected area. Florida Realtors began having discussions with BP Representative Kenneth Feinberg who set aside $16,000,000.00 from BP’s trust to compensate all Florida real estate licensees upon qualification. Florida Realtors then contracted with National Catastrophic Adjustors (NCA) to administer the funds and Florida Realtors set up specific guidelines in which the licensee must comply to receive monies from the fund. Ms. Solomon explained that Florida Realtors went to great efforts to distinguish between loss of income claims and loss of transaction claims and wanted to point out the language in Section 475.42 (1)(d), Florida Statutes specifically refers to transactions and that claims based on transactions, which is governed by Chapter 475.25(1)(d), Florida Statutes must be submitted by the broker or they will be denied. Ms. Solomon provided a copy of both claim forms. Ms. Solomon, further pointed out that there is a $12,000 cap per individual claimant for all losses.

Director O’Bryant suggested the Commission discuss this in two parts, first the loss of a transaction and second the loss of income. Commissioner Ruffler stated that he is in agreement with the Florida Realtors’ position on this issue. Commissioner Boring inquired what liability is placed on the broker should the sales associates file a false claim and would the department go after the broker. Ms. Solomon stated that NCA is very experienced and if there is any claim that appears to be improper on its face NCA will pull the claim and send it to Florida Realtors for further investigation. Commissioner Boring wanted assurance that the broker would not have any liability as a result of a loss of income claim. Ms. Solomon replied that in most cases the broker provides the documentation for the loss of income claims. Ms. Solomon stated that claims are restricted to losses within two specific 90-day periods and that the deadline for all submissions is November 23, 2010. Commissioner Guju also agreed that the Florida Realtors seem to be approaching this properly. Commissioner Enzor expressed that he is neither for nor against how this is being handled, however, feels the division may need some definition as how to handle complaints brokers may file who did not receive any funds. Ms. Solomon addressed additional questions from the Commission. Director O’Bryant stated that this has been quite

enlightening to the division and appreciates Florida Realtors’ open communication with the division in dealing with this issue. The Commission thanked Ms. Solomon for coming before them to discuss this issue.
